LOCAL COMPANY CELEBRATES ONE YEAR ANNIVERSARY

MILL CREEK, Wash. (Feb. 3, 2010)— Local business partners David and Rani Bal held a one-year anniversary open house on January 28 for their Signs Now center, located at 18002 Bothell-Everett Highway, Suite 6. The open house attracted over 50 guests, including local clientele, key business leaders, business entrepreneurs, and chamber ambassadors.

“We wanted to host this event in appreciation of our clients during our first year of business,” remarked Rani Bal. “Many of our guests were blown away at how many marketing tools we offer. We always stress to our customers that with the economic turning point on the horizon, now is the time to drive business awareness through marketing – which is something we provide on a daily basis!”

As part of the celebration, guests were offered a tour of the facilities and were asked to provide testimonials. Doug Elburn, Regional Director of the private networking firm LeTip International, has been working regularly with the team at Signs Now Mill Creek and was in attendance at the event.

“There is no one better in the sign business than Signs Now in Mill Creek,” explained Elburn.” “I highly recommend them. They have *great* customer service and you will look really good when you chat with your clients about the outstanding team in Mill Creek.

The Signs Now service base includes multiple solutions for outdoor and indoor signage, banners, window and vehicle graphics, exhibit and trade show graphics, ADA signage, dimensional letters, directional systems and other visual communications tools. Signs Now is currently ramping up production for output of Tradeshow Displays for the upcoming conventions and tradeshow during the spring and summer season.

In addition to the traditional services, Signs Now also offers large format digital services to their customers—a quickly-expanding technology in the industry. Large format digital printing provides a solution for clients who use photographs or complex artwork for their interior and exterior signage.
