

1 Ready To Apply

Ready-to-Apply (RTA) lettering and graphics are an ideal solution for many simple jobs. We supply the computer-generated vinyl, pre-spaced and pre-masked, ready for you to apply to any smooth non-porous surface. Just use these easy to follow directions.

1. Clean the surface where you intend to install the graphic.

2. Carefully measure and mark the intended position with a grease pencil.

3. Place the RTA face down on a clean, flat surface and peel away the paper backing.

4. Lightly mist the adhesive side of the vinyl graphic with water.

5. Keep the transfer tape taut as you align the graphic on your positioning marks. Stick the graphic to the surface.

6. Apply firm pressure to the entire graphic with a squeegee.

7. Slowly and carefully, peel away the transfer tape

8. Wipe down area with a soft cloth to clean off grease pencil marks.
